

IDAHO OUTFITTERS AND GUIDES LICENSING BOARD

IDFG COMMENT FORM – Private Land and Non-Federal Land Applications

Please answer each question by checking the appropriate box yes or no. Please indicate N/A when the question is not applicable. Explanations will help the Board understand the circumstances and make a determination on how to move forward. Please feel free to provide attachments.

Outfitter Name _____

CONSIDERATIONS

YES NO

Is the area under consideration intermingled with public or private lands where the proposed outfitting operations are likely to lead to conflict?

Comments/Recommendations:

Are there other outfitters permitted in the immediate area and will the proposed outfitter operation be in conflict with those outfitters? If so, identify who is permitted and the potential conflict?

Comments/Recommendations:

Would a change in the overall concentration of outfitters lead to conflicts between outfitted and non-outfitted publics or with adjoining land owners?

Comments/Recommendations:

Does the applicant or the landowner hold or have they applied for a use permit to provide outfitted services on lands administered by your agency?

Comments/Recommendations:

Are there adjoining uses such as residences, agricultural use, traffic corridors or public access that warrant or discourage the requested use?

Comments/Recommendations:

Will the proposed outfitting opportunity limit public access to public lands or waters that are accessible only through the private lands being proposed?

Comments/Recommendations:

Are you familiar whether the private land under consideration has been available for public use in the past? If so, please explain

Comments/Recommendations:

Are anglers or hunters in the area currently satisfied with their experience? Explain how the proposed outfitter operation would affect this, if at all?

Comments/Recommendations:

Are big game population objectives suggesting the need for more or less hunting pressure or harvest levels?

Comments/Recommendations:

Will the outfitters holding allocated tags in an IDFG controlled hunt area be disrupted by the proposed activity provided by the proposed outfitter operation?		
--	--	--

Comments/Recommendations:

Do any of the land owners have Land Owner Appreciation Program Tags?		
--	--	--

Comments/Recommendations:

Do potential resource or safety concerns exist that suggest visitation by outfitted publics would be better than visitation by non-outfitted, non-permitted publics?		
--	--	--

Comments/Recommendations:

Does the area requested have in terms of size, terrain or other resource considerations, limitations that may be detrimental to providing the activity(ies) requested?		
--	--	--

Comments/Recommendations:

Would licensing an outfitter on private lands in the area requested disrupt and help deter illegal commercial use occurring in the area?		
--	--	--

Comments/Recommendations:

Are wildlife, fish, or plant species a concern or other critical resource concern that warrants discouraging human activity during certain times of the year, but not others		
--	--	--

Comments/Recommendations:

Is the proposed area in an area where stock grazing isn't advised due to range conditions/forage utilizations standards, OR winter range where human presence may be detrimental		
--	--	--

Comments/Recommendations:

Are there other matters not listed above that should be considered by the Board?		
--	--	--

Comments/Recommendations:
